

CLIMBING WALL RESERVATION FORM

A 32' portable climbing wall is available for use by units at the Durland Scout Reservation. The portable climbing wall offers four climbing stations and a realistic climbing surface.

It is specifically designed to look and feel like rock without using an abrasive wall surface so that you can accommodate the full range of climbers. The auto-belay system gives climbers a confidence that is instant and incredible.

All necessary climbing equipment is provided on site. Climbers only need to bring comfortable clothes and non-open toed shoes. The Westchester-Putnam Council reserves the right to close the Climbing Wall during foul weather. Reservations can be made after August 1st for the September through June camping year.

Reservation Date: _____ (Not available December thru March) No. participants: _____

Unit Type: Pack Troop Crew/Post/Ship Unit # _____ Community: _____

Point of contact: _____ Phone: _____
